1 Minimum price by bottle size				6.50	6.55	6.75	6.95	7.25	7.50	14.00	15.00	
2 Abbreviations: A/T = AROMATHERAPY; C = CERTIFIED ORGANIC; Minimum prices by bottle size FOOD CHEMICAL CODEX or FOOD GRADE or "GRAS". "Liquid or liq." after name indicates: product has been diluted with solvent for convenience of handling. BB = Benzyl benzoate; PG = propylene glycol; DEP = Di-ethyl-phthalate; cp = cold pressed. ct = chemo type EO or eo = essential oil												
3 5% and 10% EOs: All EOs are available diluted in Jojoba golden (unless otherwise requested) and are prepared to order. To calculate the price, multiply the price of the corresponding size of the pure oil by 0.13 for 5% oils or by 0.25 for 10% oils. If the calculated price is lower than the the minimum for that size the minimum price applies (see end of oil table). If not sure, call 336-282-9734 for help.												
Bottle type: 5ml to 30ml are amber Euro-bottles with dropper inserts. 4oz and 8oz are amber US Boston round glass bottles without inserts. 1lb to 1Kg are amber glass "pour-bottles" (20 and 40oz). Larger quantities are in plastic bottles and pails and require transfer of the eo's to glass or aluminum containers for storage.												
5 Shipping: All shipping via UPS ground or standard, insured except for international, which may also go via Fed Ex or mail with proper declaration.												
6 NOT FOUND? If you have not found a specific oil in the above list, please look through the following list of alternate names.												
Balsam Fir Canada see Fir Balsam; Bay oil see Laurel leaf; Birch sweet see Wintergreen;								Rockrose see Cistus ladaniferus;				
Capsicum see Pepper red; Cassia see Cinnamon cassia; Copahu see Copaiba								Rose Geranium see Geranium Rose;

* Weights are approximate and vary based upon specific gravity							
Note: of the fixed oils in the above two paragraphs only Grapeseed is solvent extracted. All the other oils are cold or expeller pressed. The stability is lowest for Grapeseed and Hemp (1 to 2 years) and highest for Sesame, Coconut and Joboba (almost indefinite). All the other oils are somewhere in-between the two groups.							
Note: storage in a dark, cool place like a refrigerator extends the life of fixed oils.							
ALL THE FIXED OILS ARE NOW ALSO AVAILABLE IN 55GAL DRUMS.				CALL FOR DELIVERED PRICES.
